

STENHØJ

LIFTING THE LEVEL

We would like to take the opportunity to wish our dealers, agents and costumors a happy and fortunate new year
Best regards STENHØJ.

STENHØJ expands productrange.

Nitrogen Generator

Stenhøj Kompressor A/S has added yet another product to the large produktrange of pressure equipment.

This Nitrogen Generator is for the auto/tyre industry. It is very easy to install and can be conneted to your existing pressuresupply.

But why have nitrogen in your tyres?

Nitrogen in your tyres results in a consistent tyre pressure, under all conditions, thus increasing the life of your tyres.

STENHØJ Special offer.

At present, we are replacing the kompressor models in our showroom. Because of this we have the following screw compressors on sale. The compressors are up to 3 years old, but straight from the factory.

S 37	10bar	6170L/min	37KW	9,730 Euro
S 45	7,5bar	8000L/min	45KW	11,080 Euro
S 50	10bar	9500L/min	50KW	11,620 Euro
S 55	7,5bar	10690L/min	55KW	13,380 Euro

All prices are excl. freight/delivery.
